

Description

Highly versatile, silicone-free maintenance spray enhanced with PTFE and advanced corrosion inhibitors. The ideal multi-functional Cleaning Lubricating Protecting 'genius' solution-in-a-can!

Benefits & Features

- All-in-one maintenance spray
- Drives out moisture and guards against corrosion
- Penetrates and releases seized and corroded parts – quickly and efficiently –aids future reassembly / disassembly
- Provides effective non-staining, long lasting lubrication
- Cut through dust, grease and grime on most surfaces.
- Non-conductive with effective insulation – an ideal 'damp start' solution for ignition systems and electrical equipment subject to moisture ingress
- Complete with 360° valve for all-angle use

Directions for Use

Shake can thoroughly before use. Spray directly onto the component or surface from a distance of 15-25cm and allow to penetrate or form a film. For hard-to-reach places use the extension straw provided.

Technical Data

Appearance:	A turbid pale straw liquid
Odour:	A pleasant odour
Specific Gravity:	~ 0.81
Viscosity:	Thin liquid
Flammability, as supplied:	Extremely flammable, flash point below -20°C
Contents:	A solution of naphthenic oil, modified grease, water displacing additives and wetting agents, and PTFE in odourless kerosene, propelled by a butane / isobutane / propane propellant.
Operating temperature range:	Up to 80°C [continuous] Up to 150°C [intermittent]
Pack Sizes:	12 x 400ml aerosol
